KEEP LICKING!

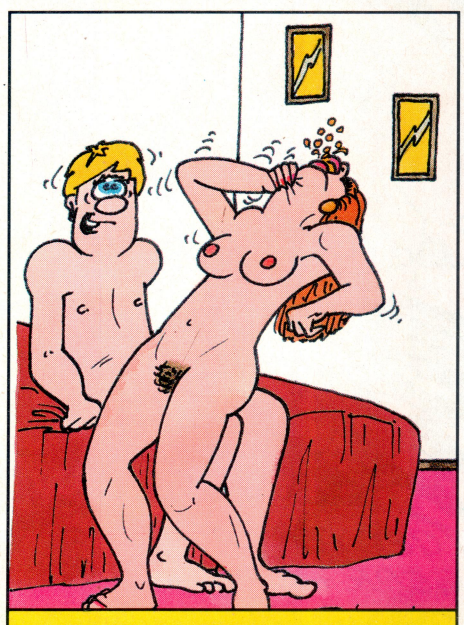

Dear Marie,

I was in a secondhand bookshop in Charing Cross Rd the other day, looking for a certain first edition for my book collecting boyfriend, when a man 'accidentally' brushed up against my bottom. I thought nothing of it, but a minute or so later he struck again, and this time round there was no mistaking the feel of a very stiff erection.

By rights I should have screamed or belted the guy with my handbag, but for reasons I can't explain, I ignored the assault and carried on browsing. I was puzzled to find my pulse had quickened and a damp patch forming in the crotch of my panties, and when the filthy creature rubbed up against me a third time, I responded and wiggled my bottom into his crotch.

"Do you want to come back to my place?" he whispered. "I'll give it to you so hard, lassie, you'll scream..."

"You filthy bastard!" I hissed. "You wouldn't dare..." The guy was like a cartoon parody of a pervy, what with his raincoat and lank, greasy hair. Any girl in her right mind would find such a loathsome creature repulsive, but deep inside I was fascinated to see what tricks he'd get up to with a willing girl — as opposed to his customary cowering, revolted prey.

"I'VE NEVER KNOWN ANYONE TO ENJOY ORAL AS MUCH AS YOU DO!"

We travelled back to his flat in Camden Town on an underground train, and he insisted on me sitting opposite him — presumably to enable him to gloat over his good fortune. I let my skirt ride high so that he could see between my knees and hopefully my black silk knickers, which by now were so warm and wet with lovejuice, it felt like I'd wet myself.

"My name's Peter," he said, guiding me up the piss-stinking staircase to his unspeakably grotty flat.

> "Peter loved the video... with his hands in my panties..."

"Jenny," I lied. Oh, my God! What was I letting myself in for? "Ever seen blue films?" he asked, and I confessed my ignorance. Peter fumbled with a video and assured me I'd love it — and love it even more with his hand in my panties.

"You wait and see!" he drooled, eyeing the turn of my breasts and bottom as I removed my coat. "There's this bloke with a cock the size of a cucumber and he tosses himself off over these girls — tits, cunts, arses... the works!"

Peter was unquestionably the most obnoxious male I'd ever met, but in a perverted sort of way I was terribly turned-on, being so blatantly lusted over. The pornographic video was every bit as

> "He got down and raised my skirt and sniffed my damp panties"

filthy as he promised, and I made no effort to stop him when he got down in front of me, raised my skirt and sniffed my knickers. Indeed, I made this task easier by pulling them aside and baring my cunt...

"Lovely fuck! Lovely fuck! Lovely fuck!" he drooled manically, as he slobbered over my pouting sex.

"Don't stop!" I panted, eyes glued to his TV screen and marvelling at the

"OH, DEAR, GERALDINE. I'VE COME OFF IN MY PANTS AGAIN!"

fucky-sucky closeups, "Keep licking till I tell you to stop!"

Inevitably, greasy Peter wanted me to suck his cock. It smelt like it hadn't been washed for a week, but when it swelled to an impressive nine or so inches and he pulled my blouse open and commenced tweaking my nipples... his personal hygiene was suddenly irrelevant.

"Let's wank over each other," I suggested, when the video finished. "I'll sit here with my legs apart and rub my button, and you kneel between my legs and do it into my open hole. Would that turn you on?"

And so wonderfully revolting 'lover' worked himself up to his conclusion, splattering my held-open cunt with his sperm. He was a few seconds ahead of me, as it happened, so I used his sperm as a sex lubricant, smearing it over my clitoris and rubbing like mad till I, too, climaxed.

As I grabbed my knickers and ran out of his flat and down the stairs, Peter shouted revolting insult and obscenities, making me all the more desperate to get back home and have a hot shower followed by a lingering soak in Badedas foam bath — absolutely crucial, in order to get the stink of that revolting creature off my body.

So, why did I write to *Cheap Thrills* with my lurid tale? I guess because my feelings of shame and guilt are so intense, I daren't tell any of my friends — least of all my infuriatingly decent and respectable boyfriend. Oh, dear, I wish he'd unwind occasionally and put his dirty raincoat on!

Louise,

LICK MY BUTTON!

Dear Marie,

My husband and I are seen as models of respectability here in Cheltenham, largely due to my husband's success in merchant banking and our eldest daughter having just started at university. I knew for a fact the family at the end of the street were having problems with their teenage daughter, and when her mother phoned me one day, almost begging for my help and advice, I could hardly say no.

I paid the poor lady a visit. It transpired her daughter (only just 18) was having sexual relationships with several men and boys locally, and she wanted me to have a word with her to try

"A Bayswater tart in her skin-tight skirt and high-heels"

and "calm her down", as she put it. I said I couldn't make any promises, but to feel free to send her round to see me for tea and a chat, any weekday afternoon.

Two days later, the daughter arrived on my doorstep looking for all the world like a Bayswater tart in her skintight miniskirt and high heels. I'd forgotten

"THAT REMINDS ME... I HAVEN'T SEEN YOUR HUSBAND IN A WHILE..."

quite how quickly she'd grown up — and how incredibly pretty she was. No wonder the men were around her mother's front door like randy dogs...

I told Rita to go and make herself comfortable in the library while I made tea. She was obviously unhappy at being sent to me in my agony aunt capacity, but I couldn't help but notice the mischievous — almost malevolent — grin on her face when I returned from the kitchen.

"I'm not wearing any knickers!" she grinned. Trying not to appear shocked, I told her to mind her language while she was in my house. I placed the teacup on the desk beside her, but failed miserably to conceal my shaking hands. The cup rattled in the saucer, and Rita giggled.

"You fancy me, don't you?" she said, and I blushed. The girl was obviously completely out of control — and evidently completely sex-obsessed.

"Do you want to see my bum and cunt?" she taunted me — and before I could stop her, my neighbour's daughter got to her feet and peeled her skirt up around her midriff. My God, she had the

"Rita was sitting ...spreading her legs"

body of a screen goddess! No wonder her mother was scared witless of her getting pregnant.

"Come on, then!" Rita taunted me, sitting down again and spreading her legs. "It's not every day you get the chance to go down on a tart like me, is it! That's what Mum calls me — a little tart."

I could take no more, but instead of showing this dreadful creature the door, something inside me snapped. I walked over to her and cradled her in my arms, fighting back my tears of guilt, and failing miserably.

"You don't have to feel bad about fancying me," said Rita, unbuttoning her blouse and guiding my hand on to her warm, plump, stiff-nippled breasts. "And beside, I won't snitch on you. Come on, Mrs ___ — come and lick my button for me..."

"A FEW INCHES HAVE FALLEN OUTSIDE AS WELL!"

How stupid, a woman of my age sobbing like a baby and at the same time licking this teenager like an oversexed Lesbian! I held her labia

"I held her open and prodded her innards with my tongue"

apart and prodded her innards with my tongue, and Rita ran her fingers through my hair and whispered, "Is there anything I can do for you, Mrs___?"

Like a fool, I took this promiscuous creature upstairs where, in between lovemaking we spent most of the afternoon in each other's arms. It was the first time I'd let another female perform cunnilingus on me since my college days, and the exquisite feelings which rippled through my loins put me in mind of a very special lady friend of mine who was only narrowly pipped to the post by my husband.

"Her daughter & I are at it!"

It goes without saying I'll never be able to look Rita's mother in the face again, especially as her daughter and I have seen each other several times since. Finally, if you see fit to publish this story, please don't publish my name and address.

Anon,
Cheltenham.

SNATCH BACK!
I hate cars! Every time I buy one, I drive it round the block, fall head over heels in love with it, and what happens? The motoring press announce it's about to be replaced by an even more super-dooper model, twice as fast and with even more

gadgets and gizmos. When I bought my gleaming black GTi, that's exactly what happened — VW came out with the 16-valve model. I switched to that only to discover they're completely redesigning the GTi for Autumn 1991. Bugger!

So I've been driving from garage to garage, trying to get the best price on my imminently obsolete GTi — and what a depressing business it's turned out to be! That said, my best offer yet has come from a dealer who's far more interested in the

turn of my bottom and the swell of my bust than the resale value of my car. Every time I drop by he ups the price by £100, and why? Because with each new visit my skirts are that much tighter — and that much shorter.

So, being a lady of the world, and a lady of the world in difficulties with her mortgage, the last time I visited the garage, I asked the dealer for his very best offer. He was sitting beside me in the passenger seat at the time, in a very fidgety state, I might add. Now I think about it, I suppose my black stockings were a bit over the top...

"You make a good offer, Luv," he said, "and I'll make you a good offer."

So I drove him back to my flat, trying my damnedest not to wince as he put his hand up my skirt and poked my panty silk into my crack. After all, he was old enough to be my father...

"You'd better wear a Durex," I said, when he came out of the shower all beer-bellied and stiff-pricked at the sight of me in naff-all but stockings and red suspender belt.

"I'll not be needing a johnny for what I've got in mind," he said, drooling horribly. Then the penny dropped. Oh, my gawd, he wanted to eat me...

I faked the whole thing as far as I could, moaning and groaning and thrashing about as the tongue-fucked me. Not content with this, however, he had me roll over on to my tummy and spread my legs so's he could plate from the rear.

"Keep your tongue low, if you don't mind," I hissed, as he ferreted about back there, and somehow or other I actually managed to climax, before turning around and putting him out of his misery with a Vaseline-enhanced handjob.

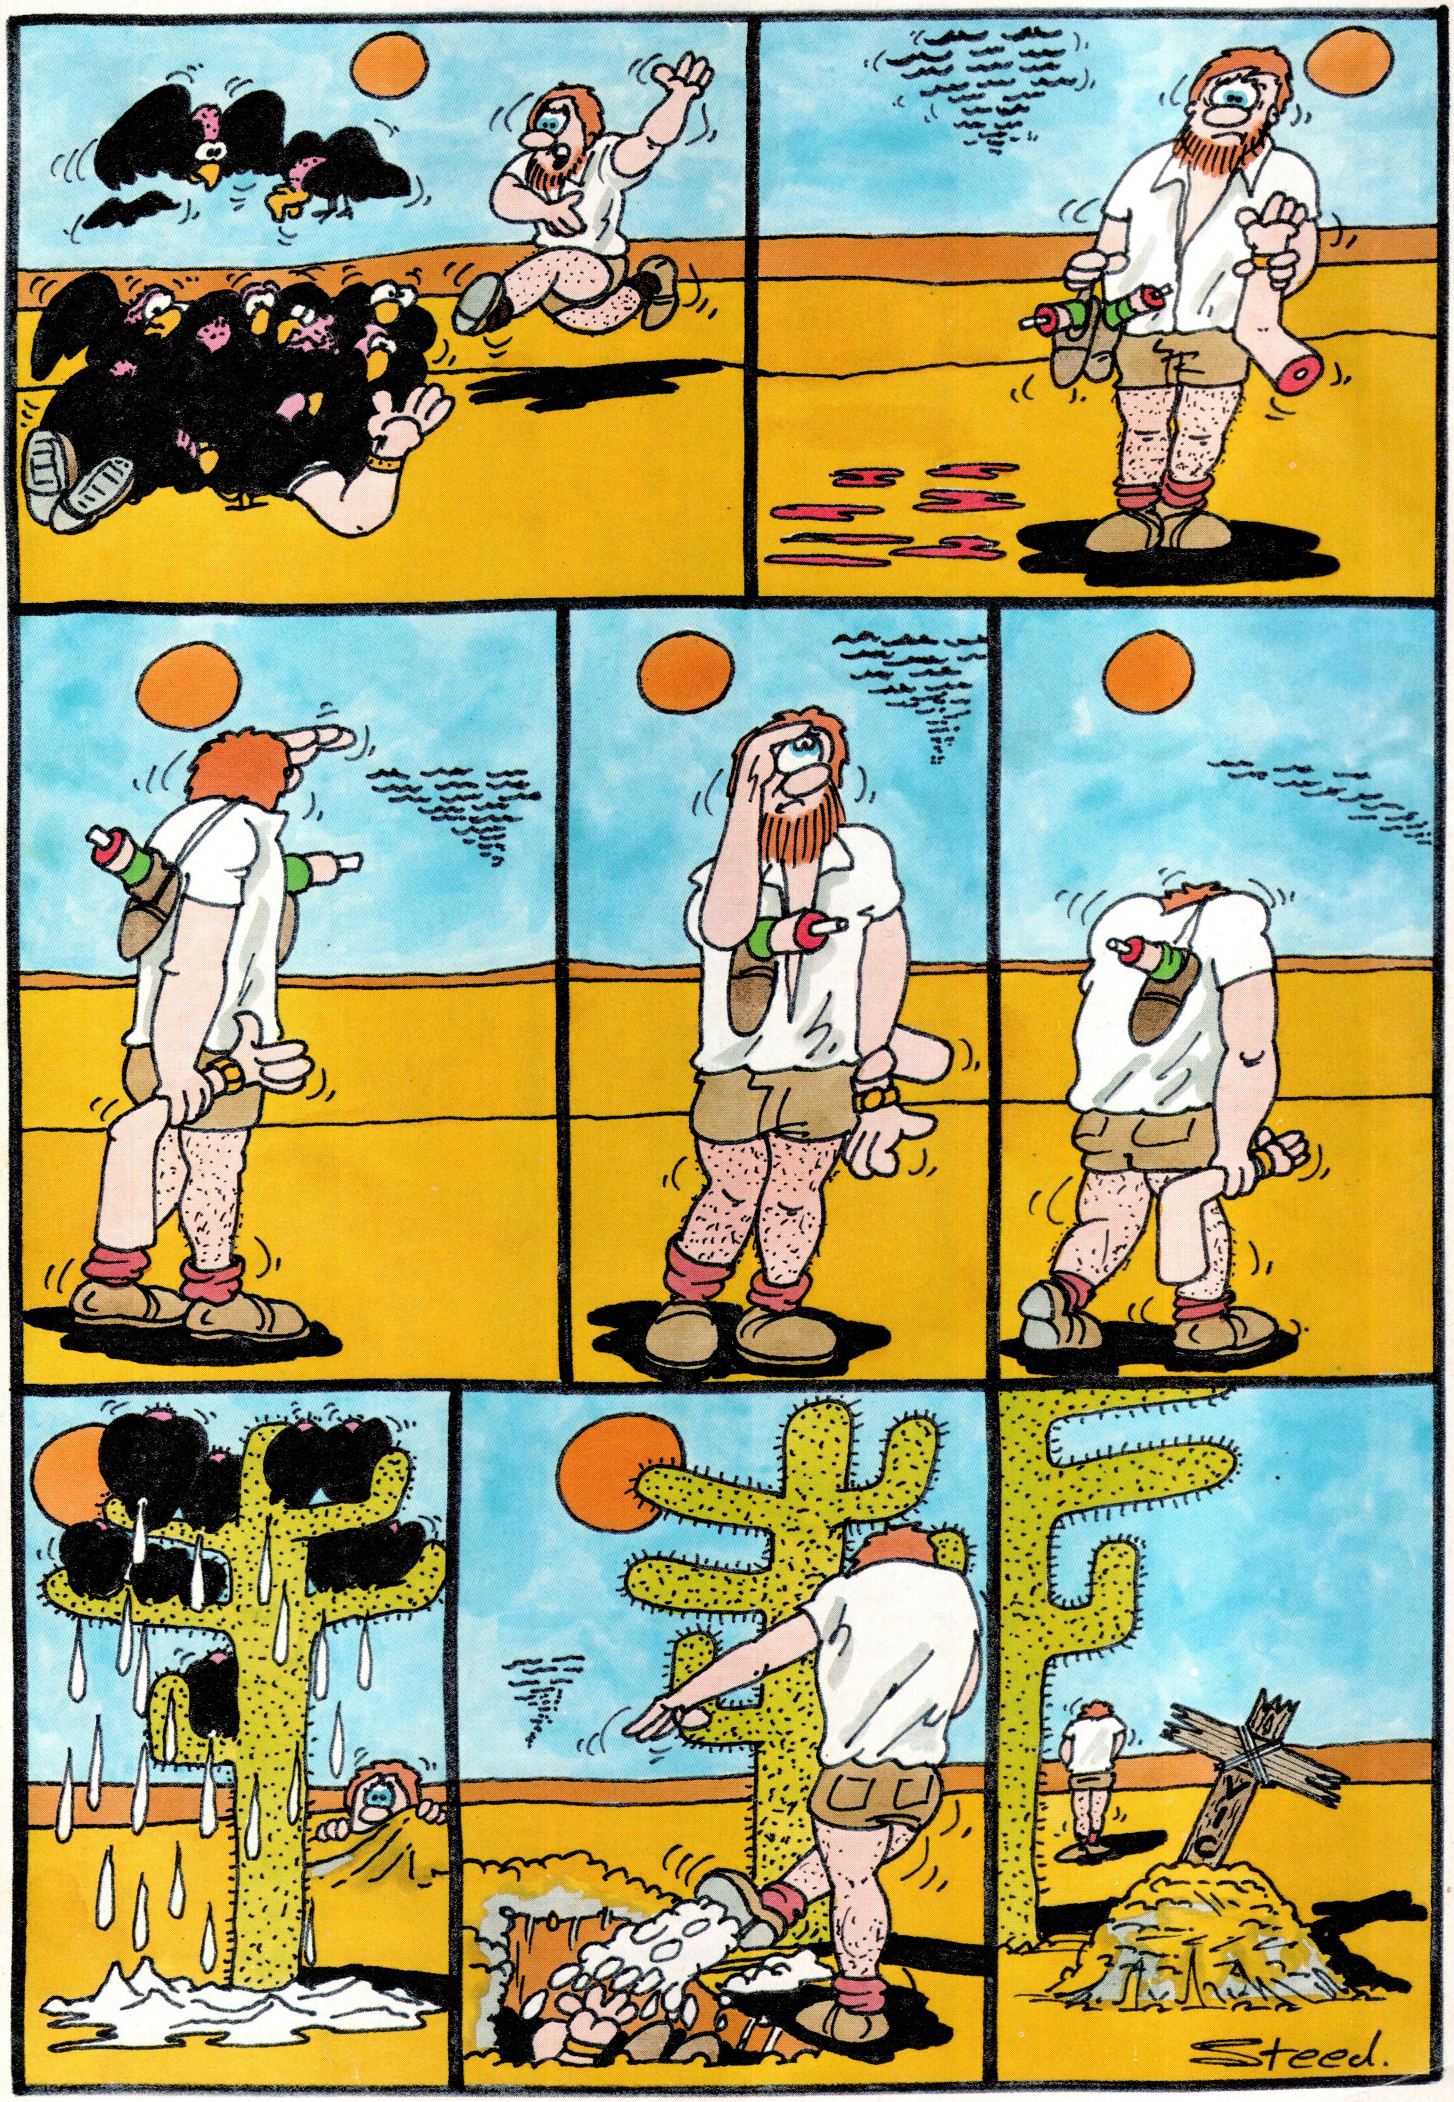

Maybe I should feel ashamed, having prostituted myself. But I'm no prisoner of conscience. After all, I must be the only '88 GTi owner in the whole U.K. about to sell for a profit!

Stephanie,
Edgbaston.

LETTERS

IN THE PARK!

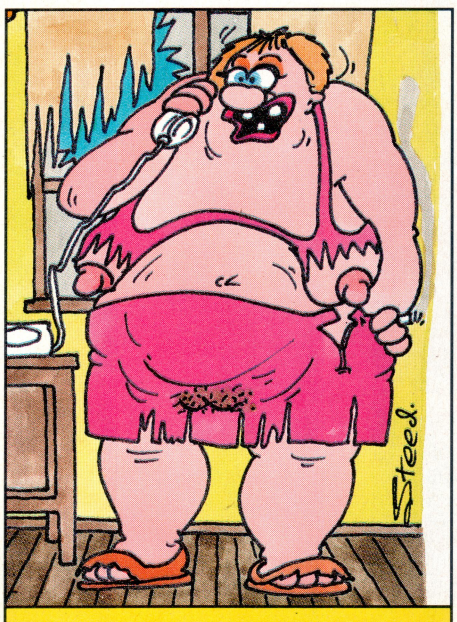

Dear Marie,

My friends warned me that my new girlfriend would turn out to be something of a handful — and how right they were! Her name's Debbie, and because she's almost young enough to be my daughter, she's got me wrapped round her little finger. All she has to do to get a new pair of shoes or a ritzy cashmere sweater is bat those eyelids and wiggle that tight, curvaceous little derriere of hers... and I'm flashing the plastic like there's no tomorrow.

And talking of flashing, let me tell you about our not-so-innocent stroll in the park last Friday afternoon. Debbie had conned me into buying her lunch at a very flashy new French restaurant, and like an idiot I bought a second bottle of wine. There was no way I could return to the office considering the state I was in, besides which it was a beautiful day.

"She was leggy in a short black skirt"

"Flash your prick at her," said Debbie, as a tall, leggy girl in a short black miniskirt approached us. I laughed and told her not to be so daft, at which Debbie said: "Well if you won't get it out I will."

"WHY, YES, DEAR. NOW YOU ASK, MY NIPPLES ARE POKING OUT!"

I suppose I could have stopped her if I'd really wanted to, but the fact is I've always been rather proud of my cock, it being one of those which looks far more impressive soft, than erect. As the girl drew level with us, Debbie deftly unzipped my trousers and flipped my cock out over the top of knickers.

"And it's all mine!" Debbie said to the girl as she walked past.

"Filthy fucking tart!" the girl hissed, and Debbie and I collapsed in giggles.

I dragged Debbie into the bushes, pushed her down on to her knees and put my still soft cock in her mouth. She yanked open her blouse and pulled her bra cups up over her tits for me to fondle them while she gobbled, but just when I was ready to pop my nuts, she quit sucking.

"Let's go find another girly for you," she said. "Maybe we'll get a more positive response, now you're erect."

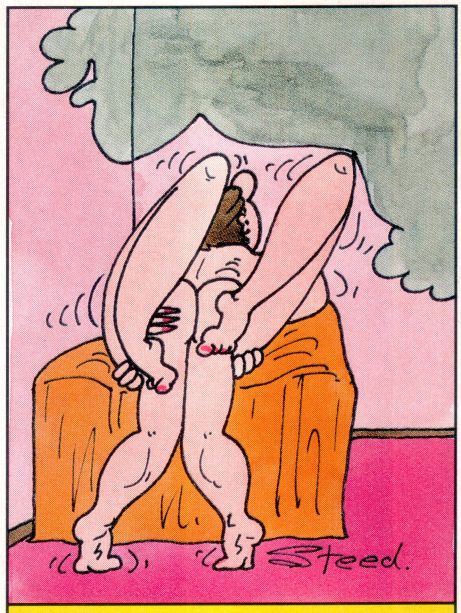

In a deserted corner of the park, we came across a randy-looking female of about 35 in a chic brown leather suit, exercising her pooch. Once we were sure we had her attention Debbie dropped to her knees and recommenced sucking me off, but if she expected this leatherclad lady to run way screaming, she had another thing coming. To my amazement, she walked up to us and for one horrible moment I thought she was going to clobber me with her handbag. Fortunately, this was not what she had in mind.

"She tossed me off in Debbie's mouth"

"Why don't you let me do that?" she said, taking my cock by the root and tossing it off into Debbie's mouth. "There, that's better, isn't it? Now you can put your hand up my skirt at the same time."

Talk about being upstaged! One feel of this horny cow's hot, slippery gash had me spunking my lot all over my girlfriend's face. I'd love to have taken the pair of them back to my place for a kinky threesome, but the lady in leather declined the invitation. Like I say, my new girlfriend is a right handful — in every sense of the word!

D.B.,
London W2

"DADDY HAS GOT A BROKEN NOSE. HOW DID YOU KNOW KNOW?"

MEMORIES!

Dear Marie,

Compared to some of the readers who write to *Cheap Thrills*, I feel like I'd be lucky to pass my sex GCSE, even at level three. Just about the only out-of-the-ordinary sex situation I've experienced was with a girl I went out with for almost two years who was blessed with rather a large pair of breasts, which she referred to as her "pride and joys".

Just before Mandy and I split up, we went to a party together, and she knew I was desperate for her to stay with me. She got herself well and truly drunk and started misbehaving, and when I got back from the kitchen with a drink, I caught her with her T-shirt up, letting some bloke suck her nipples.

Mandy covered herself up as soon as she saw me and when we got home later that night she apologised and let me fuck her on hand and knees. Strange as it may seem, it gave me a terrific buzz seeing my girl being interfered with that way, and even now — some three years later — I sometimes stroke my prick in bed at night, thinking of Mandy having her nipples sucked in front of an audience and the unmistakable look of radiant pride on her face.

K.B.,
Northampton.

MAKING-UP!

Dear Marie,

Like in the song, the best part of breaking up is making up. I took my wife out to dinner on the night of her birthday just recently, and she was so pissed-off with me when she caught me making eyes at another woman, she went on a sex strike which lasted an absurd three weeks.

One night I got in from the club half pissed and as randy as a stallion, and when Martha refused my advances yet again, I was absolutely livid — so I decided to teach her a lesson. I drove up to the red light district, selected the dirtiest, brassiest-looking street corner scrubber on display and drove her back to the house.

> "She sat in my chair with her skirt like a slut"

Lordy, what a slut! She wore a red leather miniskirt with black fishnet stockings and she stank like the perfume counter at Woolworth's. Instead of undressing me, she sat in my favourite chair with her skirt up around her waist and her knickers dangling off the spike heel of her black patents. Just as I hoped, Martha was woken up by the humping and bumping of our raucous fuck, and when she burst into the front room and caught me up to the hilt in this old boiler's money box, she screamed at me to, "get that disgusting creature out of here"!

And so my plan of doing something really hateful to spite my wife succeeded beyond my wildest dreams — but women, I was soon to discover, are incredibly vengeful creatures. A few nights later I returned from late session at the office to finds my darling wife on her hand and knees on the living room floor, naked but for black stockings and suspenders and being fucked silly by a guy built like a heavyweight boxer.

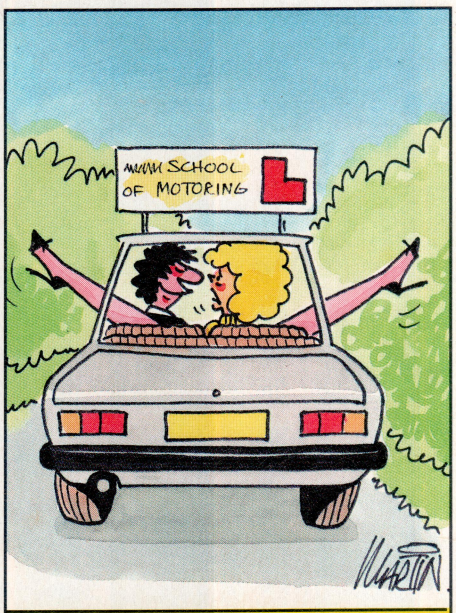

"Dave's so much better than you," my wife leered, revelling in my shock and humiliation. "He's been doing unspeakably dirty things, haven't you darling?"

I waited upstairs until I heard the front door go. My wife went to the bedroom and took a shower, then went — as per usual — to the spare bedroom. I decided enough was enough, bursting in on her and pulling back the sheets.

"You bastard!" she spat.

"You fucking slut!" I retorted... and there followed the most fantastic fuck in our entire ten years of marriage.

Col,
Chepstow.

"ARE YOU QUITE SURE THIS IS THE CORRECT WAY TO DO UP A SEATBELT, MR. PULLIT?"

HITCH-HIKING TOMS

Dear Marie,

What with all the freaks and nonces you get on the roads these days, it's small wonder female hitch hikers are such a rarity. However, last Tuesday when I was ferrying a load of cold-rolled steel from Wolverhampton down to the smoke, I picked up a pair of chancers at the Blue Boar on the M6.

I knew right from the off these weren't decent kids or students — their skirts were too short and they were wearing much too much makeup for that. As we drove, it became apparent from the way they were talking that they were part-time toms looking to turn a few tricks down in London, then to head north with the loot.

As I drove, it was all I could do to concentrate on the road ahead, due to the girls sitting with their feet up on the dash and their skirt hems at knicker height. I had a raging hard-on, but I didn't know how to steer the conversation around to sex. But what the fuck! I had nothing to lose, so I asked them straight up what they'd do for thirty quid.

"Well, you can't fuck us," piped-up

> "She was a sexy half-caste in a leather mini"

the little halfcaste number in the black leather miniskirt. "Because we haven't got any rubbers. But if you want to pull off the motorway we'll give you a right filthy time!"

To be honest, I was shocked that two kids scarcely out of their teens knew so much about how to drive a salty old trucker half out of his mind with lust, but that's exactly what they did. While the halfcaste tart pulled her skirt up and spread her legs for me (holding her knickers open to expose her shaven pussy), her partner-in-sleazy opened my overalls and sucked me off.

"Don't I get to feel it?" I moaned, as I sat there getting a blowjob that would out-perform a vacuum cleaner. The black girl giggled and said, "I was hoping you'd say that," and with her pal's lips still wrapped lovingly around my knob, I reached over and pushed my fingers up her darling little honeypot.

"Let him sniff your knickers and lick you out while I make him come!" said my cocksucking cutie, but in the event, we went one better! I lay on my back across

> "Her pal's lips were over my knob"

the bench seat and the halfcaste girl sat full on my mouth, wriggling around on my chops in such a way that told me she was enjoying herself every bit as much as me.

All too soon, I shot my lot into the pretty blonde's mouth and counted out — with not the slightest hint of reluctance — six crisp, new fivers. Something tells me they'll go places, those two young ladies — Marlborough St Magistrates Court, for starters!

Len,
Wolverhampton.
